- Heavy-Duty !

The AnyGrip-mounting adapter series convinces with its high quality. An important factor when handling expensive devices in cars.

This rugged mounting unit enables a secure and consistent fixation of TabletPCs like eg. Galaxy Tab, iPad, CTFPAD, X70EX-2, etc... on car dash board. The mounting unit can be adjusted stepless at 1 axis. The high-class working of the unit also allows the mounting of very heavy devices like TabletPCs with display sizes of up to 11 inches screen size.

- Particularly suitable for car dash board
- Suitable for touchscreen displays
- Suction happens comfortably by using a lever
- Holds up to 27 kg !

Scope of supply:
- Suction mounting unit
- 3M adhesive pad
