- Powered cradle cable set
- RS232 connectivity
- VCC ignition GND signals
- MDT865 and MDT880 compatible

The CAB-865-BASIC+CAB-BMW-BASIC+CAB-EX-BASIC set is a basic cradle cable set for MDT865 and MDT880 docking applications. It carries VCC, ignition, GND and RS232 signals.

It is a solid choice for straightforward powered cradle installations with serial connectivity.

Compatible with: Topicon MDT880, Topicon MDT865
