- L-shaped cradle cable
- For MDT1065 cradles
- Bottom cradle connection
- Vehicle power supply

The CAB-1065-BASIC is the L-shaped cradle cable for the cradles of the MDT1065. It plugs into the cradle from the bottom.

Together with the car charger CAR-865-BMW (BMW connector, 12 to 24 V) it supplies the cradle with power in the vehicle. In this combination the cable carries no further interfaces.

The CAB-865-BASIC of the MDT865 does not fit the MDT1065.

Compatible with: Topicon MDT1065
