JAD4COMC1-LF

Feature

1. Four high-speed 16C550 compatible UART with 16-byte FIFOs

2. Fully programmable serial-interface characteristics

3. Baud rate up to 115.2K

4. All of RS232s support powered function (pin9)

Interface

Jetway extend daughter card

Application

1. Industrial Equipment

2. Modbus

3. Machine to Machine (M2M) communications
